PROCOAT™ by CCPi

Pipe Straps

Procoat PVC coated pipe straps are used to securely mount conduit to a wall or other structure for support. They are available in two styles: a one-hole malleable iron strap or a two-hole stamped steel strap.

Features:
- 20 mil gray PVC exterior coating
- 10 trade sizes from 1/2" through 4"

CONDUIT PIPE STRAP 1 HOLE

PIPE SIZE	FERROUS CATALOG #	NOMINAL WT. FOR 100
1/2"	RSM15P	11.0

PVC Coated Strut Straps

Procoat PVC coated strut straps are used with coated strut to support conduit installations in a variety of configurations. Strut straps may be used in either vertical or horizontal positions to support conduit. Are provided with stainless steel hardware. Conduit spacing may be as close together as allowed by the couplings.

Features:
- 20 mil gray PVC exterior coating
- Available in 11 trade sizes

Beam Clamps and U-Bolts

Procoat PVC coated beam clamps are used to securely support conduit runs by attaching them to beams, angles, trusses and other structural members. They are available in the following styles:

Parallel – to attach the conduit run parallel to a beam or structural member. **Edge** – to attach the conduit run at a 90˚ angle to a thin beam or structural member.

Right Angle – to attach the conduit run at a 90˚ angle to a beam or structural member.

U-Bolt – To attach the conduit run to a structural member or support. **Hanger Rod Beam Clamp** – to attach a single all thread rod to a beam or structural member.

Features:
- 20 mil minimum gray PVC exterior coating on all types of beam clamps
- Right angle clamps supplied with plastic encapsulated screws
- All clamps specifically sized to fit PVC coated conduit
- Right angle and parallel clamps available in 10 trade sizes 1/2" through 4"
- Edge clamps available in 3 trade sizes 1/2" through 1"
- Hanger rod beam clamps available with 5 different jaw openings 15/16" through 2-1/8"
